

# Facility Building Services

Working within the Datacenter space requires a full understanding of the complexity of the internal areas including awareness of the potential hazards and “live working environment” limitations whilst working within the operational requirements of the clients site.

The building services team of AJ+2 have a long history of providing a full range of services to major Blue Chip Companies.

Our list of services are outlined below:

## Raised Floors

- Installation
- De-rock
- Grommet Cut-outs
- Ramps
- Handrails
- Void Cleaning

Suspended Ceilings

Decoration

Steel doors

Building works

Dry lining / glazed partitions

## Other Products:

- UPS
- Static Switches
- Inverters
- DC Standby
- Datacentre software
- Blanking Panels
- LV Switchboards
- IT Enclosures
- Rack PDU's
- Datacentre Audits
- Low Energy Lights
